

Evergreen Behavioral Health Association
EML Discussion Series

***Reflections on a Career
Serving Older Adults
IN PERSON and synchronous zoom with
Barbara Grant, LCSW***

**Wednesday, June 1, 2022
Corvallis Community Center – C3
2601 NW Tyler Avenue, Corvallis**

Barbara encourages those who can to come in person. The C3 has a state-of-the-art air filtration system, and the Willow Room makes social distancing possible. Masks optional but welcome. Synchronous zoom will still be an option for those who prefer to attend virtually.

6:30-7:00 pm Optional social
7:00-8:00 pm Presentation
RSVP ebha.secretary@gmail.com

EBHA members free
non-members [suggested donation \\$10](#)

Topics

- 1) The choice to focus on the elderly
- 2) What is clinical gerontology?
- 3) Similarities and differences providing psychotherapy to an older population
- 4) Applying trauma, grief and mood management skills with an older population
- 5) Myths about psychotherapy with older adults
- 6) Advice to colleagues

About the Presenter

Barbara Grant's career has focused on the care needs of older adults. After receiving her MSW and certificate in

aging specialty with clinical and public policy emphases, Barbara worked for 3 years as director of disability services in a Baltimore senior center, then as County Gerontologist for Benton County. Since 1990, Barbara has been in private practice. She has given trainings to professionals on: caregiving, psychosocial aspects of aging, dementia, and intergenerational family relationships. Barbara encourages more practitioners to serve this population, and is available to consult on cases.
